PROJECTS

Mini ATM Application — React.js, Redux, JavaScript (ES6), HTML5, CSS3

- Developed a React-based mini ATM simulation using functional components and component-based architecture.
- Managed global state using Redux for balance enquiry, deposit, and withdrawal flows.
- Implemented conditional rendering and ES6 logic to ensure valid transaction handling.
- Deployed the application using GitHub for version control and hosting.

Personal Web Portfolio — React.js, Bootstrap, Framer Motion, JavaScript (ES6), HTML5, CSS3

- Built a multi-page React portfolio using React Router for client-side navigation.
- Used React Hooks (useState, useEffect) for component logic and UI state management.
- Designed responsive layouts with Bootstrap and enhanced UX using Framer Motion animations.
- Applied basic SEO practices using semantic HTML and meta tags, and deployed via GitHub.
